Constant stops can shorten the life of any ordinary commercial battery. Your customers depend on you to deliver on time...time after time. To keep them satisfied, you need a battery you can depend on to keep your trucks on the move.

The MagnaPower 7T31 Group 31 batteries are specially designed to withstand the daily stop-and-start abuse of multi-stop delivery vehicles and reefers. These batteries provide *plenty of cold cranking power for easy starting and ample reserve power to handle the cycling demands typical of these types of commercial applications.*
